

KOENIG & BAUER

Omega Allpro 55 – 145

Advantages

Maximum output up to 400 m/min

Intuitive touchscreen operating concept for ultimate ease of operation

Exceptional flexibility due to format widths from 58 mm to 1,450 mm, with a substrate range from 200 g/m² carton to 5 mm corrugated board

Numerous automation modules contribute to significant efficiency increases

Innovative solutions to match individual demands and production conditions

Process optimisation due to the flexible integration of peripheral systems before and after the gluing process

Fastest makeready thanks to fully automatic processes and memory functions to support job changes

Precise, error-free folding and gluing for reduced waste and economical resource use – irrespective of the type and shape

we're on it.

KOENIG & BAUER

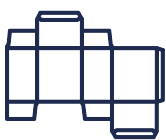

The perfect all-rounder – productivity and versatility, tailored to every application

Folder-glueers from the Omega Allpro series allow you to produce folding cartons to cater to all your individual needs and wishes. Simply choose the configuration that best suits your particular requirements and production conditions.

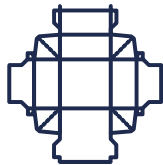

The different models in the Omega Allpro series process an extensive range of substrates, from carton to corrugated board. Automated machine settings combine with minimal makeready during job changeovers to enhance productivity and optimise your production processes.

The Omega Allpro is the ideal choice for particularly complex packaging applications.

Produce a broad spectrum of folding cartons efficiently and in top quality.
